Wichita, KS 67213

Re.: Donation of Intoxilyzer

To Whom It May Concern:

The Richland Police Department received an I800 Intoxilyzer with case and a bag of 100 mouthpieces. We have had to utilize the Navarro County Sheriff's Department equipment whenever we had an alleged intoxicated driver. This donation will help us be more efficient when dealing with these situations. We are so grateful for your generous donation to our Department.

Respectfully,

Richland Police Department
