To, United States Deputy Sheriffs Association:

We want to say thank you for your dedication to support Law Enforcement across the U.S. The equipment donated by this organization will assist Officers in combating DUI and underage drinking. Without the assistance from USDSA it wouldn't have been possible for the Sperry Police Department to purchase this necessary and vital piece of equipment.

I again want to say thank you for the donation of 3 PBT Machines, our thanks aren't enough for what your organization is doing.
