Dispatch: (405) 258-9933

November 18, 2020

Dear Mike Willis

United States Deputy Sheriff's Association

National Training Director/

Law Enforcement Program Coordinator

Dear Mike,

Please extend many thanks to the USDSA from my department for the belt trauma kits, flashlights, in car first aid kits, the drug tests kits and for the PBT machine. We were all trained on the PBT on November 15, 2020. The tools that you have given my department will go a long way in protecting the citizens in the town of Tryon, and we could not thank you all enough!

We are very happy to see how much you all give out and the training you all provide, the small agency's depend on the donations that we have received from USDSA and I can speak for all my guys when we say thank you all so very much and we appreciate everything that you have given to us!

*William Wilson*
