Dear Mr. Hinners,

Words cannot express our deepest thanks and appreciation for the kind gesture of your letter and monetary donation for the family of Major Angelanette Moore. In the weeks following her tragic and sudden passing, the Virginia Peninsula Regional Jail and Moore families have been inundated with cards, letters, and prayers, all of which have served to ease the grief we all feel at her loss. We will present both your letter and the check to Major Moore's family at the earliest opportunity.

Losing a colleague is never easy, and it is especially difficult when their death is during the performance of their normal duties. However, the outpouring of support we and the family have received has eased our grief. Please know you have played a significant role in that. With profound thanks,

Sincerely,

Colonel Roy Witham

Superintendent
