

# Washita County Sheriffs Office

We at the Washita County Sheriff's Office Would like to send a special thank you to the Sheriffs Association for providing us with a ballistic shield. As a small Sheriff's Department we rely heavily on our Deputies and the surrounding municipalities to keep Washita County safe. Our guys volunteer endless hours of their time off to the Washita County SRT for training and real-world situations. The ballistic shield that was provided to us by the Sheriffs Association will go a long way in making sure our Deputies remain safe when meeting unknown threats in the remote locations they have to patrol. We cannot say thank you enough to the hard work the Sheriff's Association does to provide these very valuable tools to departments like ours!

Deputy Corey Armfield
