United States Deputy Sheriff's Association:

I want to personally thank Mike Wills and the United States Deputy Sheriff's Association for helping our rural police department by donating a ballistic shield to the Wellston Police Department. This helps by providing security to officers in situations where medical and backup officers can be a lifetime away. This shield has already been used in extensive active shooter training at schools or other mass causality events. Our department is humbled to receive such an item as we know the value of ballistic shields. Thank you again for your organization and for all the help you provide to law enforcement.
