

On behalf of the Wetumka Police Department I sincerely thank you and your team for the donation of 7 officer Trauma bags. The benefit this equipment brings our officers, and by extention, the rural community we serve is monumental. We found the process to apply for the kits to be seamless and our communications with the USDSA were timely and professional.

I assure you, your gracious donation and clear drive to support law enforcement will not be forgotten.

With gratitude,

Chief Branden Garner
