National Training Director  
Law Enforcement Program Coordinator

Mike,

On Behalf of the Wheaton Police Department I wanted to extended my thanks to you and the United States Deputy Sheriff's Association for the grant award we received recently.

We are a small department of 3 full time officers and have been running one backup car with limited equipment because of budgetary constraints.

The grant for the Spike Devil Spike Strips helped outfit that vehicle with one more piece of vital equipment our department was in need of.

The FLIR Scout TK will mainly be in the primary squad car but its size will make it easily transferable to our backup squad anytime it is needed. I see that piece of gear be used for Special Operations with our multiagency SWAT team also, especially after dark.

Thank you for having such a great program that is easy to apply for and fast receipt when awarded, keep up the good work and thank you again!

Jason Berning  
Chief of Police  
Wheaton MN
