

Our office was blessed with a donation from the United States Deputy Sheriff Association for two sets of Spike Devil road spike strips. These strips will help us eliminate the threat of a fleeing suspect before putting any other lives in danger. Often times, our office is in rural areas of the county and can get to assist another officer in a quick manner. We enjoy helping our outside agencies whenever the situation arises. Thanks again to the United States Deputy Sheriff's Association for the new donated equipment. It will be put to great use!
