

Willard School Police

Mark A. Riggin, Director of School Police
500 Kime Street Willard, MO 65781

September 20, 2022

USDSA,

As a small school based law enforcement agency acquiring all the needed tools to respond to a critical incident can be difficult. Since our establishment as a school based police agency in October of 2020, we have quickly moved forward to build a program that could meet the challenges of safety and security in our area. With the addition of the ballistic helmets and medical pouches we are nearly complete with the tactical gear needed to effectively confront a critical incident involving a firearm. Thanks to you and your partners for helping us move forward. We are grateful!!

Mark Riggin
