Weapon Mounts

Mike,

The Officers of the Williamston Police Department and the Citizens of Williamston would like to thank you and the US Deputy Association for taking the interest and time to donate two Breach Backpack Kits and six Vehicle Weapon Mounts for our patrol cars. These items, due to budget issue could not be purchased with out your amazing program. Mike, you made the process easy, and we received the equipment fast. Our hope is that these items won't have to be used but thanks to your program the breach kit and vehicle weapon mounts are now accessible will help save lives.

Sincerely,

Chief T. C Taylor
