Quinton Jones
Chief

The York Police Department would like to thank the United States Deputy Sheriffs Association for donating the department protective body armor and tourniquets. York City is a small city located in Sumter County Alabama; we reached out to them for equipment and Mr. Mike contacted the department in reference to the department needs for equipment. Mr. Mike also explained what was the USDSA and how they operated. The equipment donated is very helpful to the department in completing our daily tasks. Thank you for the support you all gave us.

Sincerely,
Quinton Jones
