**United States Deputy Sheriff's Association,**

**The Cambridge City Police Department would like to send a sincere thank you to the United States Deputy Sheriff's Association. Through their equipment grant program, our agency received 3-active shooter rifle plate vests. Through this program, our officers will now have additional protection to wear in critical incidents.**

**As a small rural policing agency, we often times find ourselves battling for funds to provide the best service and protection to our officers and community in standard operations. As with many agencies like ours, we must make difficult decisions on the appropriations of our allowed monies and this often means the inability to purchase specialty equipment that would enhance our ability to do our job.**

**Organizations like yours afford officers and communities throughout the country to have the much needed equipment to improve and enhance not only officer safety but community safety.**
