United States Deputy Sheriff's Association

National Training Director/ Law Enforcement Program Coordinator

To Whom it May Concern:

The Crawford County Sheriff's Office would like to send a sincere thank you to you and the entire United States Deputy Sheriff's Association! We were awarded three ballistic helmets through the Equipment Grant Program and are eternally grateful for this contribution. Acquiring these helmets not only increases the amount of protection our deputies have when responding to critical incidents, but it also reduces the financial strain on our community. You have helped to strengthen our department with this donation.

Until we received these helmets the Crawford County Sheriff's Office did not have a full deployment of ballistic helmets for our deputies. Now, because of your generous donation, more of our deputies in our agency can be protected by a ballistic helmet to wear if ever in a critical incident. Thank you for everything your company does to support and protect the law enforcement agencies of this country.

Again, we send our gratitude to you and your organization.

Sincerely,

A handwritten signature in black ink that reads 'Dale McCullick'.
