To Whom it May Concern:

The Cuba City Police Department would like to send a sincere thank you to the entire USDSA! We received the Active Shooter Rifle Plate Kit granted through the Equipment Grant Program and are very appreciative!

Until we received this kit our officers were sharing rifle plate kits, but now because of your generous donation everyone in our agency has their own kit to wear in a critical incident.

Again, we send our gratitude to you and your organization.

Sincerely,

**Chief Terry Terpstra and the entire Cuba City Police Department
