James A. Davis, Chief Deputy

Greetings Director Mike Willis,

On behalf of the Fayette County Sheriff's Office, Fayette County IA, I want to personally thank you and the United States Deputy Sheriff's Association for the FLIR Device that was donated to my agency. This has been a tough time world-wide for law enforcement during this pandemic, but your selfless donations have been a breath of fresh air. Every donation will be used to further protect the deputies as we pilot through this tough time and changing world. On behalf of the Fayette County Sheriff's Office, I would like to extend my gratitude for this donation. Without these types of programs, these resources would not be attainable. Please accept this letter as my official acceptance and thankfulness of the donation.

Respectfully submitted,

A handwritten signature in blue ink that reads "Marty".
