

On behalf of the Granite Police Department, we would like to thank the United States Deputy Sheriff's Association for the donation of the (4) Light Duty Vehicle First Aid Kits and (4) Rechargeable flashlights to go in each of our patrol vehicles. Being in a rural community it takes approximately 15-20 minutes for an ambulance to arrive at our location. We are thankful that we can now provide first aid with these kits while the ambulance is responding. Our goal is to provide the best care and safety for our community and this equipment will help do so.
