Mr. Willis

We received the CMI Intoxilyzer 800 Breath Alcohol Test Unit and there are no words to properly express our gratitude. As a recent graduate of Georgia's Drug Recognition Expert Program, I will use the device constantly. With influenced driving on the rise in McIntosh County, our deputies strive to keep our roadways safe. This breath test unit will be an integral part of that mission.

Thank you for all you and your organization do for law enforcement. Also, thanks to Ms. Sierra Brandt for keeping in contact with me about the delivery process. Sheriff Steve Jessup, Deputy Sheriff George Trexler and Patrol Commander Chris Mitchell are aware of the donation and insist that if you are ever in southeast Georgia, please stop by and take in some of that southern hospitality. Enclosed is a photo of the Patrol Commander with the new CMI 800.

Sincerely,

Corporal Stacy Talbert
