On behalf of Nevada County Sheriff Danny Martin, I would like to express our appreciation of your donation of four active shooter vests to our department. The vests will be placed with our deputies in hopes of better protecting them, while protecting the citizens we serve!

Without your donation, these items would not have been made available to deputies due to current budget restrictions.

Thank you United States Deputy Sheriff Association for your support of the Nevada County Sheriff's Department and your continued support of the law enforcement community!

A handwritten signature in blue ink that reads "Sgt. E. Hendrix #703".
