To the United States Deputy Sheriff's Association (USDSA),

On behalf of the Ottawa Police Department, I would like to thank you for your generous donation of three rifle plates / active shooter kits to our agency. These lifesaving resources will be immediately placed into our patrol vehicles to be used in the unforeseen event of an active shooter threat.

The immediate response to our donation request by USDSA and your continued commitment to law enforcement officers is truly remarkable.

I am certain that donated equipment from the USDSA to agencies across the Country have and will continue to save lives daily.

Sincerely,

Lieutenant Shane Vance
