To the USDSA:

The Parker Kansas Police Department is extremely grateful for the Active Shooter Rifle Plate Kit we received through the Equipment Grant Program from the USDSA! We are a small 2-man department and work with a tight budget! Because of your very generous donation, we have a rifle rated plate kit that we can keep in the patrol vehicle to wear in a critical incident.

Thank you USDSA for helping us and the other small departments in the country! We appreciate all of the hard work you do!

Respectfully,

Chief Craig Haley and Officer Cody Kiser
