Mr. Willis,

On behalf of the Perry Missouri Police Department, I would like to thank you and the United States Deputy Sheriff's Association for the donation of the Spike Devil spike strips. This is a greatly appreciated donation. With a limited budget, it's harder for smaller departments to get the equipment they need. This set of spike strips will help protect my community and other Officers. The City of Perry and I look forward to our continuing partnership to positively impact this community.

Respectfully,
