United State Deputy Sheriff's Association,

Our agency would like to extend our thanks in regards to the donation of one FLIR Scout TK. We recognize the value in the equipment you have granted to our department and we recognize the equipment you grant to underfunded departments across the United States.

Our plans to use the FLIR Scout TK will be primarily purposed for: the tracking of persons, animals, and for use during critical incidents in which the device may be required.

The addition of this device to our department is tremendous in nature as it will be used often.
