United States Deputy Sheriff's Association,

The Spirit Lake Police Department would like to extend sincere gratitude for the donation of two Rifle Plates/Active Shooter Kits. Although our agency operates on a small budget, your donation will allow our officers to have some extra peace of mind when responding to an active shooter incident. We are very grateful for what the United States Deputy Sheriff's Association does for agencies nationwide. Your assistance for those who have smaller budgets is vital.

I have attached a photo with the items you donated and shared the items on our social media pages.

Thank you again for your support.

Sincerely,

Brittney Kaontz

Administrative Supervisor
