RE: United States Deputy Sheriff Association

SUBJECT: Donated Trauma Kits

The Swift County Sheriff's Office wants to offer a big thank you to the United States Deputy Sheriff Association for their donation of Trauma Kits to each Swift County Deputy. Unfortunately there is increasing reports of injured officers all around the country, even in our own area. Hopefully these trauma kits will never be needed but if they do, our Deputies will be even better equipped to handle potential threats to their safety. The USDSA is a fantastic organization and we thank you again for your generosity.

Sincerely,

Chief Deputy Mike Hoffman
Swift County Sheriff's Office
