United States Deputy Sheriff's Association
2233 S. West St
Wichita, Kansas 67213

United States Deputy Sheriff's Association,

I wanted to take the time to send your association a note thanking them for a recent acquisition you were able to provide to my Department. Recently, we applied for and were granted a FLIR device. This is the first one to be put into service in my Department.

A forward looking infrared device has numerous uses in the field of law enforcement and a tool that has the potential to save lives. Similar to many other communities, we encounter calls for service related to lost or missing individuals. In many of these cases time is of the essence and now having the ability to scan areas we are searching regardless of the level of light only improves our level of service to the community.

From not only myself but from all of the officers and community members we serve we thank you for what you do to support law enforcement agencies across the country.

Sincerely,

John Barbelet

Chief of Police
