

The portrait above is Larry Gilleland, he is our Assistant Chief for the Wynnewood Police Department. We want to thank all of you for sending the trauma response kits. As the new administration took over the Wynnewood Police Department, Chief Cook discovered that the department was not equipped with any type of life-saving kits. We're having to start from scratch, and with a small-town budget we weren't able to purchase these types of kits. Thanks to you guys you possibly help save lives in the future.

Thank you,

WYNNEWOOD
POLICE CHIEF
KENNY COOK
